## **Conditions of Entry**

- Competitors may submit entries to one or more categories, with a limit of 3 entries per category. One entry can not be entered into two categories.
- Entries should contain at least 80% wood except for the 'Bizzaare' category, which should not be less than 50% wood.
- If sufficient entries are not received in any one category, the judges reserve the right to reallocate those entries.
- Judges reserve the right to change the category of any entry that they feel is in the wrong one. Please make sure that each entry is in the correct category.
- Work must be original, created entirely by the entrant. No kitsets allowed.
- It has been noticed that people have been using designs available from the Internet & books. In fairness to all entrants the Design content of the marks for Intarsia & Marquetry and Toys, Models & Games categories has been removed to allow for this and they will be judged only on craftsmanship.
- Work must have been completed over the last 3 years and must not have won a prize in any previous exhibition. Note: Novice entry rules apply for new competitors.
- An entry fee of \$17.00 incl.GST is payable for each item submitted. Junior section is \$8.50 incl.GST per entry
- Packaging, freight and insurance is the responsibility of the entrant.
- All entries remain the property of the owner, therefore insurance is the owner's responsibility.
- Items which are sold remain the property, and are the responsibility of the maker, until uplifted.
- It is our policy to cover the very small items that are easy to pocket with glass covers. If you have a small item and would like it covered would you please send the size of the item on your entry form so we can make the glass covers in advance.
- Please ensure packaging is adequate, as the same packaging is used for the return of your entries.
- Entries must be labelled with the name and address of the exhibitor, the title & the category of the work, with a return address clearly marked. Return freight must accompany the entry forms unless a competitor or nominee is collecting his or her work.
- The organisers will take all care and no responsibility.
- Photographs will be taken of all entries and be available on CD.

## Notes

Visitors to the Festival often wonder what timber is used. Could you please put it on the entry form so that the type of timber used can be put in the catalogue.

Would competitors please let us know whether they are attending the Opening Night so that the sponsors are not waiting to present a prize to a winner who is not present. If you have ticked the attending box for opening night please make sure you are there or let us know if you can't attend, as it is embarrassing to wait for someone who has not turned up.

Judging marks will not automatically be sent out to everyone. If you wish to receive your marks, please tick the yes box on the entry form otherwise they will not be sent to you

In previous years, as an item of interest for the visitors, we have had demonstrators working during the time the exhibition is open to the public on the Saturday and Sunday.

If you are interested in demonstrating your craft contact Thelma or Alistair Holmes 07 323 7817 or Doug Logan ph mobile 0274 343 835. All other queries please contact: Phyllis Rangihika at [nationalsec@clear.net.nz](mailto:nationalsec@clear.net.nz)

## Criteria for Judging

- Design (out of 20) - includes spatial design and visual impact (except in the Intarsia & Marquetry and Toys and Models categories—see Conditions of Entry).
- Craftsmanship (out of 30) includes appropriateness of material, quality of workmanship & quality of finish.

Judging is done separately with the marks from each judge being added together to give a total mark to decide the winners. Competitors names are covered for the judging.
